

Rodríguez UTB

Heavy-duty Touring and Commuting Bikes

From \$2,899

Originally custom designed in 1996 for adventure cyclist and columnist Willie Weir, the Rodríguez UTB has long set the standard for rugged, versatile, 'go anywhere' style touring bikes. On or off road, this bike will get you where other bikes can't and it will do it with style and rider comfort!

- Tour Anywhere - On or Off Road!
- Built to ISO standards - Serviceable anywhere
- No limits - Choose your wheels (26", 650b or 700c)
- Hand crafted in Seattle for your unique needs
- Triple chainrings offer a gear range over 600%
- Available in our Extreme Journey version
- Road proven model for over 20 years!

Don't be fooled by imitations. Since 1996 when we built Willie Weir's first UTB, we've seen several companies try to copy this bike. The Rodríguez UTB is ready to conquer any terrain your heart desires. It is rugged, well-designed and with the

Travel Option (\$875) can pack easily into a 26" X 26" suitcase for airline travel.

Proprietary parts? Who wants them on a bicycle you might want serviced in a third world country? The Rodríguez UTB is ISO compliant all way through! So, more riding and less waiting for special parts! You'll be thanking yourself for choosing the Rodríguez UTB when you travel to places like India. Just ask Willie Wier.
